

OJECTIONS to Application 2016/6319/P

My name is Jenny Fasal and I live at Flat 1, 20 Daleham Gardens, NW3 5DA, and have done so since 1971.

I write now to object to the Hall School's Application on the grounds of its bad architectural design, an external appearance unsuited to the conservation area, and the overdevelopment of the site. The extra space is likely to result in increased use of the facilities adding later on to more noise and traffic congestion, also out of school hours in the evenings, at weekends and school holidays.

I also object to the extra double basement.

Further, I object that:

- it is already difficult to park, and granting of the application will make things worse
- the buildings on top of the Wathen Hall will be visually intrusive and ruin the view of and perhaps harm the London Plane Tree
- there are several other schools in the road and they may feel they have to improve their facilities so approval here would set a bad precedent

As resident of Camden, you should be aware that:

- I have lived in the area for well over 40 years
- and walk through Crossfield Road, passing nearby the site of the school frequently on the way to the underground station, shops, library and leisure centre.

The proposals for dealing with all the traffic leave a lot to be desired. They ignore the impact of CS11 and HS2. I am profoundly concerned it will result in congestion and gridlock throughout much of the Belsize Park area. This is an inevitable outcome.
