Dear Oluwasayi Enirayetan,

Re: Planning Application ref 2016/6140/A: Marlborough Arms:

Thank you for your reply email, and for getting the proposed lighting modified, (and the size of the No. 36 smaller).
You say that our suggested Conditions cannot be added.

Nonetheless, in the circumstances with the modifications/revisions obtained, we confirm withdrawal of our objections.

Kind regards,

Clive Henderson

Dear Clive Henderson,

Thank you for your objection and comments.

The lighting issue has been revised with the LED trough light limited to just above the lettering and not extending the whole fascia. The No. 36 has also been reduced in size (please see revised drawing attached).

With regards to the other comments, please note that this is an advert application with its own regulations, adding suggested conditions would be onerous.

On the above basis, would you reconsider your position and withdraw your objection/comments so this can be decided under delegated powers?

This application has gone beyond its 8weeks statutory decision, I would therefore appreciate a prompt response.

Kind regards,--

Dear Clive Henderson,

Thank you for bringing this to my attention..

The drawings were on sensitive mode instead of public hence you couldn't view all the associated drawings. This has now been rectified.

Kind regards,

Oluwasayi Enirayetan,

**Planning Application ref 2016/6140/A: Marlborough Arms:
Missing Drawings from planning application:**

As our blocks of flats are opposite the Marlborough Arms, Torrington Place, we are interested in looking at this application, to consider making comments/objections. But some of the documents appear to be missing from Camden's planning website.

There is only one drawing on the website at present, which is marked as "Sheet 1 of 4: Planning". The other 3 sheets of drawings are not on the website. Thus, we would be grateful to see the missing drawings, because it is not possible to assess the application without them.

Kind regards,

Clive Henderson
