Dear Tree officers and Planners,

List 403  
2016/6593/T

I viewed the York Rise Estate in poor light.

I don't object to any of the proposed works, but ask if the three Limes (T954,55 and 56) could have the ivy reduced on their trunks when removing the epicormic growth?

(Unable as yet to view 2016/6415/T).

Many thanks and happy holidays!

Eileen Willmott
