2016/6654/L	AThomson	1 Mount Vernon London NW3 6QS	05/01/2017 13:45:33	OBJ	My property overlooks the southern boundary on Mount Vernon and I object to the proposal to increase the height of the fences and erect anti climb devices around the trees. Any increase to the height of fences or trellis would adversely affect my view and the level of daylight, and would be oppressive in such a narrow street. Anti climb devices around the trees would appear fortress like and would be out of keeping in a conservation area. There is already cctv in place around the perimeter of the site.
2016/6654/L	Gordon Barrass	3 Mount Vernon NW3 6QS NW3 6QS	05/01/2017 11:24:21	OBJ	I wanted to make sure that the objections made by Kristen Lippincott and myself (Gordon Barrass) were recorded as 'Objections' and not merely as 'comments. We apologise as we did not scroll down far enough in the 'Comment Type" box to find the 'Objection' option.
