2016/6756/L	Jessica Jacobs	7 Gordon House Road	07/01/2017 22:27:18	COMMNT	I am writing to support this proposal. A lot of time, thought and effort has been put into the overall design - far more than is usual for this area. This can only have a positive impact as it sets a very high standard of consultation and design planning for other property owners and businesses in the neighbourhood. If other homeowners, schools, the council, businesses, property developers etc devoted as much care and attention to their extension and construction plans then Camden would be a much more attractive and exciting place to live in. I live on Gordon House Road and some of the proposed extension will be visible from my home. I look forward to seeing the improvements.
