**Subject:** RE: Tree Protection Order - Hilltop Road

Dear Mr Remmington,

I am writing to voice my concern regarding planning application 2016/6670/T and the proposal to cut down a mature Sycamore tree that is growing in the garden of Number 22 Hilltop Road, NW6, which is visible from the road. I understand this tree is under a protection order, is healthy and does not present a structural problem that can only be solved by it's removal.

As a local resident and parent, I strongly support any moves that will result in the conservation of this tree, primarily for the obvious environmental benefits and pleasure that it brings.

Yours Sincerely,

Professor Laki Buluwela,  
NW6 2AA
