Dear David,

Thank you for your email and apologies for the slow progression of this application, this is partly due to on-going discussions with the Council's Highway Department.

The Council has some concerns about the proposed design and would like to suggest the following amendments to the proposed scheme.

- 1) Please reinstate the pre-existing outdoor arrangement, but lower the planted boundary treatment to 1m.
- 2) The highways department would also like you to set the decking back very slightly to facilitate the free movement of pedestrians including wheelchair users, however I'm waiting for them to confirm by exactly how much.

I am conscious that this application has been open for longer than expected and I'm keen to progress the proposal.

I will therefore get back to you by next Wednesday to confirm how far the decking needs to be setback. I will then aim to determine the application within a week of receiving the amended plans, providing they are as discussed.

I'm on a site visit from 3pm this afternoon, but please contact me if you would like to discuss matters further.

Kind regards

Anna
