18 January 2017

Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:
17 Frederick Street
London
WC1X 0NF

Proposal:

Installation of new solid timber flush fire door and frame to basement utility room to provide fire protection to circulation space & staircase.

Drawing Nos: OS map, block plan, 6214FS17p301 (bf exist), 6214FS17P301 (bf propo), design & access statement

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 All new work and work of making good shall be carried out to match the original

work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The works hereby approved are only those specifically indicated on the drawing(s) referred to above.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reason for granting listed building consent:

The asset is a grade-II-listed terraced house of the early 19th century built by Thomas Cubitt, and situated in the Bloomsbury Conservation Area.

The applicant wishes to install an internal fire door and frame in the basement, to protect the means of escape. There is currently no door in the aperture, so no historic fabric will be lost. The basement contains no historic detail. The proposed works therefore will not harm the special interest of the grade-II-listed building.

No public consultation was necessary for this application. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2016, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, 5 Pancras Square, London N1C 4AG (tel: 020-7974 6941).

- 3 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

You can find advice about your rights of appeal at:
