All are welcome

mosque is like the one in Regents Park. For the Muslim community in Camden he added to have a proper mosque they have to come up with a huge amount of money

The chair said for the community group to use the place as prayer they applied a separate licence and they have a temporary licence for a year. She added the community group has to show it has obeyed the rules of the licence otherwise the licence will be taken away. This meeting is to hear from the residents that the community group has obeyed the licence. She said it was really good to see some residents attended the meeting and to hear from them. She mentioned that she had not heard any complaints and would be good if people came even though they did not have any complaints.

Mr Cunningham said they just wanted to come to show their interest and solidarity and that they were OK with the situation.

The chair acknowledged the good work that the centre had done in terms of distributing invitation letters to the residents and putting up notices.

Mr Hassan explained the logistics and resources spent to put invitation letter, agenda and minutes of the last meeting to every door in Chariton Building.

Mrs Cunningham said she received the invitation letter twice for this meeting. Mr Hassan emphasised huge cost involved for this kind of work given the status of the Somali Community Development Trust as unfunded organisation. All the costs were donated by centre users. He suggested if in the future all correspondences will be conducted by email, except the notice for each meeting.

Mr and Mrs Cunningham had complaints about noise outside the centre. They say last Saturday 21 May, there were some noise coming outside of their window. The cause they say was children playing outside.

The centre manager Mr. Abdirahman Barkhadle said children from the centre are not allowed to play outside of the centre. Parents drop their kids and while they are in the care of the centre they are not allowed to go outside or play it. He promised he will investigate the incident by checking the CCTV pictures to make sure who are those culprits. He will report back to the working group.

3. Membership of the Community Working Group

The chair explained that the membership of the Community Working Group was open for everybody and there were no constraints.

9.	Review and update the management plan	Done, some copies were present at the meeting

The chair explained that the residents had the opportunity to meet with her but they didn't see the need at the moment.

The chair suggested if the next meeting could be held in the community centre rather than the current place. All agreed to have the next Community Working Group meeting to take place in the centre.

She congratulated Mr Barkhadle, the centre manager, for taking difficult decisions and making changes. She said she contacted residents by phone or by email and no one was coming back with complaints and no one was also coming here to complain.

The participants discussed the next meeting should be held in six weeks due to the month of Ramadan starting early in June at the mosque.

Agreed Action Points:

1.	Poster with the all contacts of the councillors will be sent to the address when Cllr Kelly receives proper centre address. The centre manager will display it on the notice board.	Cllr Kelly/ Centre Manager
