Planning Application for 1-12 Frognal Court. Warwick House,
Midland Court. 2016/502i

I have noticed from the website that Martin Hay requested an extension till the end of January, but it was only extended until today.

The long leaseholders in the rear blocks 14-45, with the exception of No 14 did not receive the preliminary notification as claimed by the applicants and the knowledge of this application by the leaseholder is haphazard. This application was found on your website was found by accident.

I, and others are now trying to obtain professional advice, as most of the consultation period was over the long holiday break. The nameless developers had years to plan and scheme whilst we the long holders had a few weeks to defend our property.

We would be grateful if you would extend the consultation period until the end of the month, especially as we are all suffering from the dubious development on the rear blocks. The Frognal Estate is legally ONE Building and should be treated as such.

Have you consulted the tenants of the commercial premises in 1-15 Frognal Parade.

If you will not extend the date I will submit this as an objection and request that I be notified of the Committee date, so that a Deputation can be arranged but I hope an extension of the time limit will be permitted.

Marie Garside, Long leaseholder of 15 and 20 Frognal Court London NW3 5HG
