The Council has considered your application and decided to grant permission subject to the following conditions:

Conditions and Reasons:

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies 2010.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: (AP(10)-)000-01 rev 3, 000-02 rev 3, 099-01 rev 3, 100-0 rev 31, 200-01 rev 3, 200-02 rev 3, 300-01 rev 3, 300-02 rev 3; (AP(20)-)099-01 rev 3, 100-01 rev 3, 200-01 rev 3, 200-02 rev 3, 300-01 rev 3, 300-02 rev 3; AP(31)500-01 rev 3; AP(71)500-01 rev 3.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informatives:

- 1 Reasons for granting planning permission:

The proposed shopfront alterations on both Leather Lane and Beauchamp Street elevations are considered to be appropriate for this location, in particular the extension of a front-facing grille that currently provides visual screening to an existing extract unit in the top right-hand corner of the shopfront on Leather Lane, as well as, the introduction of a grey perforated metal mesh to visually screen an existing air condenser unit above both entrance doors on Leather Lane and Beauchamp Street elevations.

In terms of design, scale, colour and materials to be used, therefore, the proposals are considered to be in keeping with the commercial identity of the street and market environment in accordance with Council policies and guidelines, and as such, would not significantly alter the character or appearance of the building or detract from the wider Hatton Garden conservation area, and would be acceptable.

Concerns were initially raised with regard to the proposed inclusion of see-through grey PPC privacy screens in front of glazing on both elevations given that external screening of this type would likely adversely affect the appearance of the building especially in this prominent corner position in a busy market area and thoroughfare. Following Council advice, the applicant has submitted amended drawings which remove the privacy screening from the proposals. These amendments are considered to be acceptable.

There are no amenity concerns as a result of these proposals.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the

character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy 2010; and policies DP12, DP22, DP24, DP25, DP26 and DP30 of the London Borough of Camden Local Development Framework Development Policies 2010, the London Plan 2016, and the National Planning Policy Framework 2012.
