The Council has considered your application and decided to **refuse** advertisement consent for the following reason(s):

Reason(s) for Refusal

- 1 The internally illuminated digital screens by reason of their location, size and design and method of illumination would be unduly dominant and visually obtrusive in the street scene, failing to preserve and enhance the character and appearance of the Bloomsbury Conservation Area and harming the setting of the adjacent Grade II Listed Buildings, contrary to policies CS5 (Managing the impact of growth and development) and CS14 (Promoting high quality places and conserving our heritage) of the London Borough of Camden Local Development Framework Core

Strategy; DP24 (Securing high quality design) and DP25 (Conserving Camden's Heritage) of the London Borough of Camden Local Development Framework Development Policies.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
