Informative(s):

- 1 Reason for granting consent:

The proposed non-illuminated fascia and projecting signs and awnings, and internally illuminated menu boards and new spotlights will not obscure any significant architectural features or otherwise visually harm the appearance of the building, and are considered to be acceptable in terms of its location, proportions, materials, design and method of illumination. The proposal will preserve the setting and special architectural interest of the listed building and enhance the streetscene and character and appearance of the conservation area.

The proposal will not impact on the neighbours' amenity nor would it be harmful to either pedestrian or vehicular safety.

The site's planning and appeal history has been taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area and special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses, under s.66 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

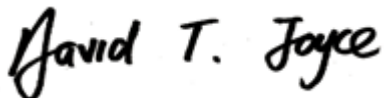

As such, the proposed development is in general accordance with policies CS5, CS14 and CS17 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2016; and paragraphs 14, 17, 56 -67, 126 -141 of the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
