DEMOGRAPHIC

This information will be used to measure the demographic characteristic and geographical spread of respondents to our questionnaire (all these questions are optional).

1. What is your ethnic group? White

2. Age:

0-15 31-45 61-75
16-30 46-60 Over 75

3. Gender:

Male Female Prefer not to say Other

4. Affordable workspace

We are providing 11,000 sq ft of affordable workspace as part of the proposals to refurbish and extend 1 Triton Square. This open workspace will be accessible to small businesses and individuals in the local community to work and develop ideas.

What are your views on the provision of this affordable workspace at Regent's Place?

Better than unaffordable virgin but honestly, B there nowhere on the Regent's Place empty that could not suit this just as well? And at what cost to the community?

5. Improved public realm

As part of the proposals, there is opportunity to improve the public routes and space around 1 Triton Square as well as provide a major new public space at Longford Place. This will create a more pleasant place to visit, walk through, sit and play in.

Do you like the proposed upgrades to the public routes and space, particularly at Longford Place?

Yes No Unsure

Hard to tell without more images. Surely Longford Street will be in almost constant shade. So perhaps not a sun-lit greenspace at all? So if I have to choose, No. No thank you.

6. Affordable homes

We are proposing to redevelop St Anne's to create 22 new homes that are all affordable. This will provide exemplary new homes for Camden residents, including private and shared amenity and play space.

Do you agree with our proposals to deliver affordable housing on the site of former St Anne's?

Yes No Unsure

This is an active, vibrant church. Please do not erect the Devereux church.

7. Overall

Overall, do you support the proposals for Regent's Place?

Yes No Unsure

Any other comments?

The Regent's Park Estate is going through dramatic changes with HS2 on its way and replacement homes being built throughout. Please no more building, we have a lot to contend with as it is.
Nine stories is FAR too high for Laxton Place. 1 Triton Square is surely tall enough as it is. Please do not go ahead.
