**Subject:** Fwd: Bus Stop Illuminated advertising displays on Finchley Road - refs as listed below

Dear Mr Young

I would be grateful if you would note my objections to these Bus Stop Advertisements on the grounds that they are a blight and degradation on the street scene and environment, and are ugly urban encroachments that do nothing for either shopping or residential neighbourhoods, and a source of light pollution.

They should be refused - as Camden has already thankfully refused many similar applications - on the following grounds:

1. Their location, size and design and means of illumination are too dominant and intrusive on the streetscene, and degrade the character and appearance of an area, contrary to policies CS5, CS14, DP24, and DP 25.
2. Their size and location would have detrimental impact on highway safety and amenity, acting against policies CS5, DP21, and DP24 of the Camden LDF.

I should be grateful if you could please keep me informed regarding these applications.

Kind regards

Linda Chung
