Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.
Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website.
If you require any further clarification, please contact the Authority's planning department.

1. Applicant Name, Address and Contact Details

Title:	<input type="text" value="Mrs"/>	First Name:	<input type="text" value="Angela"/>	Surname:	<input type="text" value="Vargas-Potter"/>
Company name:	<input type="text"/>				
Street address:	<input type="text" value="Flat A , 2, Belsize Park"/>				
	<input type="text"/>				
	<input type="text"/>				
Telephone number:	<input type="text"/>				
Mobile number:	<input type="text"/>				
Town/City:	<input type="text" value="LONDON"/>				
Fax number:	<input type="text"/>				
Country:	<input type="text"/>				
Email address:	<input type="text"/>				
Postcode:	<input type="text" value="NW3 4ET"/>				
Are you an agent acting on behalf of the applicant?					
<input checked="" type="radio"/> Yes <input type="radio"/> No					

2. Agent Name, Address and Contact Details

Title:	<input type="text" value="Mr"/>	First Name:	<input type="text" value="Martin"/>	Surname:	<input type="text" value="Harrison"/>
Company name:	<input type="text" value="Harrison's Tree Service Ltd"/>				
Street address:	<input type="text" value="Unit 3, Old Mill Building"/>				
	<input type="text" value="Mill End"/>				
	<input type="text"/>				
Telephone number:	<input type="text" value="07956032770"/>				
Mobile number:	<input type="text"/>				
Town/City:	<input type="text" value="Standon"/>				
Fax number:	<input type="text"/>				
Country:	<input type="text" value="United Kingdom"/>				
Email address:	<input type="text"/>				
Postcode:	<input type="text" value="SG11 1LR"/>				
	<input type="text" value="harrisonstreeservice@gmail.com"/>				

3. Trees Location

Please provide the address of the site where the tree(s) stands (full address if possible):

House: Suffix:

House name:

Street address:

Town/City:

Postcode:

If the location is unclear or there is not a full postal address, either describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road') or provide an Ordnance Survey grid reference:

Easting:

Northing:

Description:

4. Trees Ownership

Is the applicant the owner of the tree(s)? ☒ Yes ☐ No

5. What Are You Applying For?

Are you seeking consent for works to a tree(s) subject to a TPO? ☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes). Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Front Garden:
T1 & T2: 2 x Mature Lime: Adjacent to the entrance have been regularly maintained. They appear to be causing localised soil disturbance which is moving the boundary wall/ It would certainly be prudent not to allow these trees to exceed their current dimensions. Reduce crowns by 30% ensuring sufficient clearance over neighbouring drive. Thin crown densities by 20-25%. Remove dead wood. Remove basal epicormic growth as is practicable.
T3: Robinia: Approximately 4.00m. This potentially very large tree is poorly located. Fell to ground level and remove root ball.
T4: Lilac: Two large limbs which extend over pavement appear to be in decline. Significant amount of dead wood was noted and some broken by high sided vehicles. These factors in conjunction with an obvious obstruction of the pavement lead us to recommend the removal of these two large limbs. Remove dead wood throughout crown and reduce remaining crown by up to 20% to shape and balance.
Rear Garden:
T5: Pyracantha: Approximately 4.50m. This tree appears unstable and is leaning on the building. Fell to ground level and allow to re-generate.
T6: Apple: Previously collapsed. This tree has merit for its aesthetic value and character. The tree is now beginning to layer. Remove dead wood. Reduce crown back to previous reduction points whilst preserving a suitable amount of furnishing growth in order to maintain crown continuity.

7. Identification Of Tree(s) And Description Of Works

S1: Viburnum: Fell and grub out as is practicable.

T7: Apple: Adjacent wall. Reduce crown height by approximately 25-30% as general maintenance.

S2: Shrub: Reduce height by 50% and shape.

T8: Pittosporum: Approximately 5.00m. This tree is becoming somewhat tall. Fell the main stem whilst retaining low shrub growth to preserve as a shrub.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall:

If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

☐ Yes ☒ No

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives.

If YES, you are required to provide for:

☐ Yes ☒ No

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing additional information in support of your application?

☐ Yes ☒ No

9. Authority Employee/Member

With respect to the Authority, I am:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

Do any of these statements apply to you?

☐ Yes ☒ No

10. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
