31 January 2017

Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Householder Application Granted**

Address:  
**22 St Paul's Mews**  
**London**  
**NW1 9TZ**

Proposal:  
Erection of dormer to the rear of the existing dwelling house and two conservation style roof lights to the front of the existing dwelling house (Class C3).

Drawing Nos: 101P; 102P; 103P; 104P; 105P REV C; 106P REV C; 107P REV C; 108P REV C; 109P REV C; Email dated the 26/01/2017 from Mr O Labulo confirming the confirmation of materials.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans 101P; 102P; 103P; 104P; 105P REV C; 106P REV C; 107P REV C; 108P REV C; 109P REV C.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

#### Informative(s):

- 1 Reasons for granting permission.

The proposed rear dormer has been reduced in size and scale since the original submission to accord with the existing dormers along the terrace at Nos. 3 and 4 St Paul's Mews. The proposed dormer is set back from the ridge and sloped edge of the hipped roof by 500mm and therefore accords with Camden Planning Guidance (CPG1 Design). The rear dormer will only be visible from the rear garden and will not be seen from the road boundary.

The proposed dormer appropriately aligns with the lower floors and has been situated centrally on the roofscape. It is similar in design to the approved dormers at Nos. 3 and 4 St Paul's Mews. The materials shall match the main property, and as such would not be out of character with the area, which is considered acceptable in terms of design.

The proposed dormer shall not cause harm in terms of neighbouring amenity due to the location within the roofslope and because the window would face the rear of the property. Therefore no loss of light or overlooking would occur either.

No objections or comments have been received. The planning history of the site and surrounding area has been taken into account when coming to this decision.

The proposed positioning of the two roof lights are considered acceptable and would not be out of character with the properties along the wider terrace. The roof lights would not harm the conservation area.

The proposal is considered to preserve the character and appearance of the conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by

the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with the London Plan 2016; and the National Planning Policy Framework.

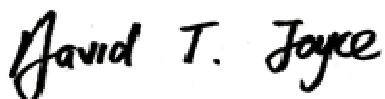

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

You can find advice about your rights of appeal at:
