2016/6699/P	Jelena Marinkovic	36 Eton avenue Swiss Cottage	28/01/2017 20:15:37	OBJ	I am against it. Not suitable for the area. In the mid of Victorian buildings this 24 story is wrong. It will block the light, increase crowding and make chaos for the rest of us.
2016/6699/P	JCS Mason	22 Eton Avenue London NW3 3HL	30/01/2017 16:34:20	COMMEMP ER	I object to this development because, 1. the whole scale of development is out of keeping with the area and offensive to this and other existing residents. It is more like to decrease rather than enhance the vicinity and the value of our property 2. Services such as social, education and medical are already overburdened... where for instance will the additional children go to school, and those requiring medical attention be treated? 3.traffic density and pollution will increase which already is of major concern. 4. No provisions appears to have been made for residents' off street car parking

2016/6699/P	Jas	Eton avenue	28/01/2017 20:06:35	OBJ	This is a 3rd time writing. This horrendous building if built with its 24 floors plus reception and ground floor will destroy our community, overcrowding, Victorian buildings that are under protection will loose its apeal and the height will make the street darker and we will not be able to see the sky. Not to mention pollution.
