2017/0114/A	Jeff Claxton	Flat 18 Russell Square Mansions	27/01/2017 14:47:29	OBJNOT	I wish to object to this application on the grounds that the internally illuminated digital screens by reason of their location, size and design and method of illumination would be unduly dominant and visually obtrusive in the street scene, failing to preserve and enhance the character and appearance of the area and harming the setting of the adjacent buildings. This seems contrary to policies CS5 (Managing the impact of growth and development) and CS14 (Promoting high quality places and conserving our heritage)
2017/0114/A	Meredith Whitten on behalf of the Covent Garden Community Association	Covent Garden Community Association 42 Earlham Street WC2H 9LA	25/01/2017 16:39:24	OBJ	The internally illuminated digital screen by reason of its location, size and design, would be dominant and visually obtrusive in the street scene, which fails to preserve and enhance the character and appearance of the conservation area (see CS5, CS9, CS14 & DP25) and harms the setting of the adjacent Grade II and Grade II* listed buildings. In addition to Council policies (see CS5, CS9, CS14, DP25, CPG1), the Council has a statutory obligation to preserve or enhance the borough's listed buildings.  Additionally, the use of internal illumination is inappropriate and unsympathetic in a conservation area, and conflicts with Camden planning policy (see CGP1, 8.11-8.15; & DP25).
