Dear Sir/Madam,

I am writing this email to ask for your help and support.

I believe there is a proposed development at my dental surgery (Malmin Dentist) on Farringdon Road.

I was referred for a specialist implant treatment with Malmin Dental Care from another dentist as they have best facilities for the treatment I required. The skylight made my treatments and surgery much less daunting during my procedure. I am sure I won't be the only person to say this.

Health care in a basement with no natural light and limited height would be extremely uncomfortable for anyone. Also, I am also a very private person and would not be comfortable passing on my private details to a concierge.

My thoughts are good quality healthcare would want to be protected by Camden.

If you have any questions, do not hesitate to contact me on [REDACTED]

Yours Sincerely,

Glen
