To whom it may concern,

I am writing to you in regards to the site address of 49-51 Farringdon Road, London.

As a long standing patient of Malmin dental practice I have to express my concern and objection to the proposed relocation of Malmin to the basement.

People, like myself, are often anxious and uneasy about attending the dentist, and considering to move anxious and uneasy patients into a more claustrophobic location with no light would make their experience even more stressful.

I would likely reconsider being a patient if the relocation were to occur, so I would ask you to seriously reconsider.

Kind regards,
Remy
