2 February 2017

Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Householder Application Granted**

Address:  
**66 Solent Road**  
**London**  
**NW6 1TX**

Proposal:

Erection of single storey side infill extension at ground floor level to the side of the existing dwelling house (Class C3)

Drawing Nos: 16010\_000; 16010\_010 REV C; 16010\_101 REV C; 16010\_102 REV A; 16010\_103; 16010\_104 REV A; 16010\_200 REV A; 16010\_202 REV B; 16010\_203; 16010\_301 REV C; 16010\_302 REV C; Design and Access Statement prepared by Cousins and Cousins dated August 2016.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans 16010\_000; 16010\_010 REV C; 16010\_101 REV C; 16010\_102 REV A; 16010\_103; 16010\_104 REV A; 16010\_200 REV A; 16010\_202 REV B; 16010\_203; 16010\_301 REV C; 16010\_302 REV C; Design and Access Statement prepared by Cousins and Cousins dated August 2016.

Reason:

For the avoidance of doubt and in the interest of proper planning.

#### Informative(s):

- 1 Reasons for granting permission.

The proposed single storey rear infill extension would be approximately 6m in depth and 2.5m in height alongside the boundary, but would maintain a setback of 3.5m from the adjacent existing rear extension. The proposal would be constructed in appropriate and sympathetic materials to match the host building, with a modern glazed roof proposed.

The neighbouring site at no. 64 has a lean-to structure along the boundary, which would be of similar height to the infill proposed. Although this adjacent lean-to structure is of a lesser depth than that proposed, it is considered when taking into account the nature of the neighbouring site and the height of both the lean-to structure and the infill extension of no. 64, the size, design and materials of this extension are considered to be acceptable. Given this, the proposal will not adversely impact on the appearance of the host building or the wider area and would be subordinate to the host building.

Due to the depth of the extension it is viewed that a reasonable proportion of useable private amenity space is able to be maintained to the rear of the existing dwelling house.

It is viewed that the size, location and height of the extension will not adversely harm the amenity of residential occupiers in terms of loss of daylight, sunlight, outlook or privacy. The proposed extension will only extend slightly beyond the lean-to structure at no. 64 and as such will not be significantly apparent from the property. For the neighbouring property at no. 68, the extension would not extend

beyond the building line on the adjoining site.

The proposal is considered to preserve the character and appearance of the conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

One comment has been received relating to the original roof extension proposed. Since the submission of this comment the application has been revised to remove this element of the scheme. The application site's planning history and relevant decisions were taken into account when coming to this decision.

The proposed development is in general accordance with Policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and Policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with Policies 7.4, 7.6 and 7.8 of the London Plan 2016; and the provisions of paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework 2012; and Fortune Green and West Hampstead Neighbourhood and policies 2(ii)(iv)(vii).

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
