- 2.0kW Colour - Silver (aluminium) or White powder coated (aluminium) or Black powder coated (aluminium)
- Tube - Philips HeLeN or SunKare Low Glare 7,000 lamps
- Vertical mounting.
- Protection Class - IP67

Burda TERM 2000 1.5 or 2kW RCA200V with protection class IP67

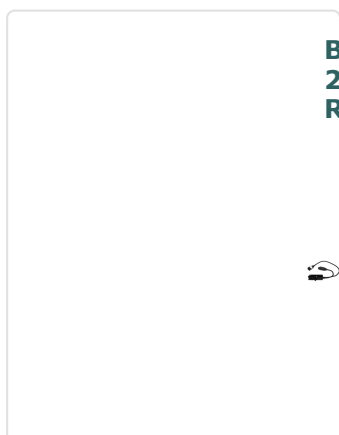

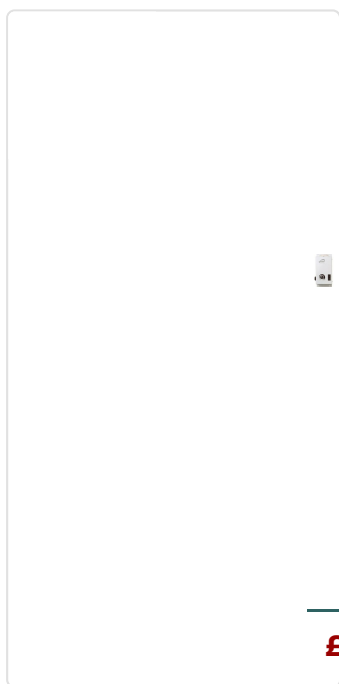

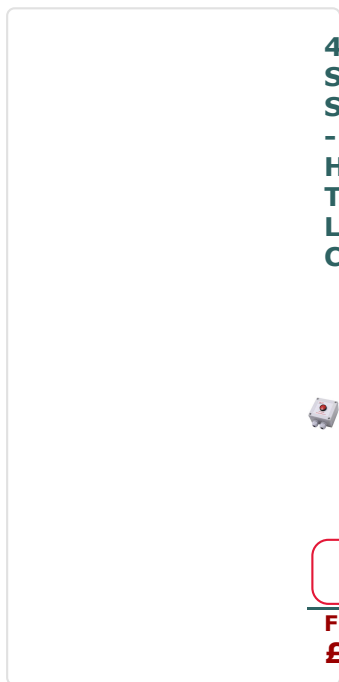

The best in class waterproof 2kW Burda TERM 2000 is now an amazing IP67 and available in either the top level Gold lamp or the brand new Low Glare Gold lamp offering 80% less visible light output with almost the same heat! The most water resilient patio heater in the world. It is equipped with an exclusively designed infrared HeLeN gold-tube by Philips. The TERM 2000 IP67 is also sometimes known as a BWT200 or BWT165, achieves a very high lamp life from 5,000 - 7,000 hours. Elegant and compact, this heater was created to heat outdoor areas requiring a more stylish and up to date image. It is also ideally suited for integration into canopy and large parasol systems.

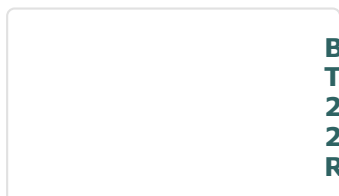

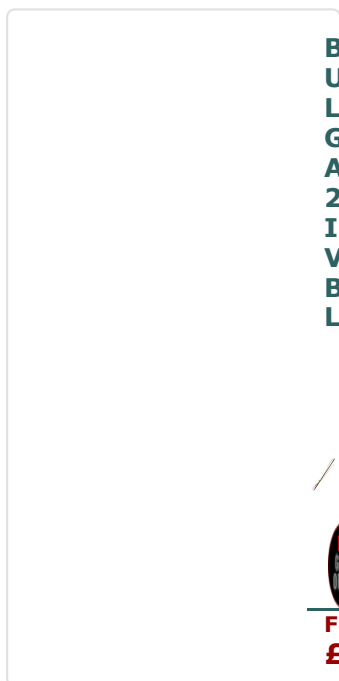

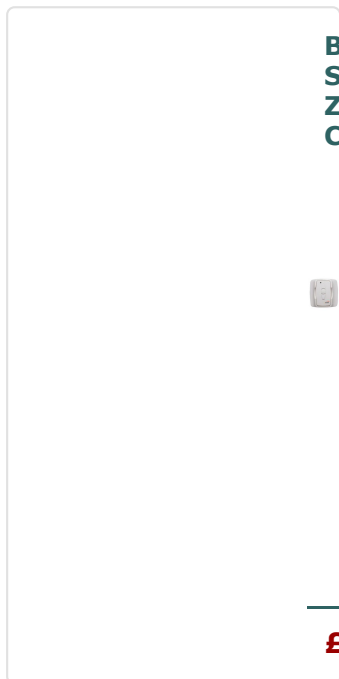

The Burda TERM 2000 sets design and quality benchmarks. German engineering matched only by the high quality finish in an elegant solid aluminium case. The "Bi-Focus" reflectors ensure an even and consistent heat for your outdoor area. Both in professional and home use, it is the ideal heater.
