Dear Laura Hazelton,

My name is Eva Nielsen,  
I live in 37, Clevedon Mansions.  
I must strongly object to Jay Jay's plans of an additional floor on his house. When he got planning permission for the house , he managed to overcome all the objections by not making the house taller than the Cottage.  
To have a 3 storey red brick wall in front of my balcony is unbearable.  
Please please do not give planning permission .  
Camden has already given planning permission to Parliament Hill School to build a new building less than 20 metres from my daughter's bedroom window in spite of our objections.  
Don't ruin Lissenden Gardens.  
Yours sincerely  
Eva Nielsen
