2016/6699/P	Rod Dreyfus-Terrett	27A Buckland Crescent	06/02/2017 21:07:34	OBJ	I object to planning application (ref: 2016/6699/P) on the grounds that inadequate consideration has been given to the impact of closure of the Eastern entrances to Swiss Cottage Underground Station. I do not believe that ANY demolition should be permitted on the current 100 Avenue Road site until satisfactory and SAFE proposals for pedestrian access to the Underground Station have been approved by a body that is independent of Essential Living.
2016/6699/P	Ms E. Chambers	31 Winchester Rd London NW3 3NR	05/02/2017 13:31:09	COMNOT	100 Ave re-applic Feb2017 This should be alongside the newly re-entered applic for100Ave condition 31  Re: application: 2016/6699/P 100 Avenue Rd . Developers Essential Living Plans for this Applic are not complete. No decision can be made by Camden until all plans are completed. I wish to be reassured in writing by Mr Cassidy (or any replacement for him who might claim not to have known) and also backed up by Ms Beaumont that Camden will carry out its responsibility on this matter. This application has been extended by the developers adding closure of the market, change of access to Swiss Cottage tube. Please note, and again acknowledge in writing to me this variation on the original application should and must now be properly re-registered. Consequently this then must become open to public consultation, site notices, press notices, will be needed and the new application brought to the planning committee again for thorough consultation. I shall also expect to see my concerns here set up on the website within the next few days. Regards, Elaine Chambers
