2016/7062/P	Jesús Martínez	Botanic Road 101 Dublin 9	09/02/2017 13:38:08	OBJ	The astor hostel is one of the best places in London citt centre.
2016/7062/P	Manuel Joao Costa	191 Queens Gate	09/02/2017 11:32:24	OBJ	<p>Astor Museum can't be closed, makes no sense Astor Hostels have been providing low cost accommodation and work for over 40 years I started as a guest and I'm now managing on of the properties and the experience that Astor gave me is a one of a kind.</p> <p>Astor Museum provides such a good environment to the guests and a lifetime of memories and you can see by the committed staff they have they all give 110% when it comes to provide a service.</p> <p>By shutting down Astor Museum you not only send 10 people to unemployment but you are as well taking the future opportunity of people to come and enjoy the city with trough our insight of the city.</p> <p>We are competing in the business since long time ago and we offer low prices versus to the high budget hotels which means that it will boost the tourism and more people will visit London.</p> <p>This is more of a family business as we have friends of friends coming to London seeking just tourism or even a first job and staying with us working or just living until they are on their feet and get their own flat to stay and a decent job, as you can understand all of this will be denied to future people that will arrive to London and don't have this friendly arm to lean on.</p> <p>So closing Astor Museum it will be a mistake.</p> <p>Best regards, Manuel Joao</p>

2016/7062/P	Ana Souto	22 Twyford street	09/02/2017 17:37:04	OBJ	<p>This central area is lacking affordable accommodation for students and young people. Having a hostel that brings a constant flow of guests is profitable for the whole area, whereas having just 3 private tenants may affect the surrounding businessess negatively.</p> <p>Moreover, considering the affected property is a historical building, it should have its features respected and taken care of and, honestly, I cannot see how transforming the building into 3 luxury flats will respect its actual internal structure, as probably most of the inside will have to be knocked down and rebuilt.</p>

2016/7062/P	Sandro Bruni	Rue Ernest De Bavière 4 4020 Liège Belgium	09/02/2017 17:55:42	OBJ	Students need affordable accommodation in the area! Kicking a hostel that provides this sort of accommodation to many students and young people on a budget is unacceptable.
2016/7062/P	Olivia Galeana	MONTERREY MEXICO	10/02/2017 02:25:00	COMMNT	Hello!! My friends and I stayed happily at Astor Museum Hotel last summer and it is very sad to know that they want to close it, it will be very sad and I think it is very importante for students, because they need affordable accommodation in the area and it is such a lovely place to stay in! Please do not close it!
2016/7062/P	Evelina von Seth	Kyrkogatan 31B 79230 Mora Sweden	09/02/2017 13:36:16	OBJLETTE R	It's important for young people to have an affordable place to stay in central London. It can be anyone from a student looking for cheap accommodation or resent Londoners needing a temporary place to live. However, Astor Museum Hostel provides so much more than that. It invites guests to be a part of a daily exchange of experiences and cultures to enrich their own lives. It's a safe place for them to stay, even just for a night or two. To demolish this extraordinary institution would not only be shameful, it would be devastating towards so many people looking for somewhere warm to stay.
2016/7062/P	Alejandra Barral Maruri	Plaza El Tato 3 1ro dcha 41007 Sevilla	09/02/2017 12:38:47	OBJ	Astor Museum is an incredible place that allows people from all around the world to have an affordable place to stay in the heart of London. Many students from the Universities around the hostel find their home just one step from their classes, avoiding to pay £800, one hour by public transport, away from the University. Also many young girls and guys come to practise or learn English, in the many academies in the surrounding area, for short periods of time, which makes them unable to get long term accomodation. Particularly in my case, the people in the hostel helped me to improve my fluency, that otherwise would have taken me a lot longer. For all this and more, I think that Astor Museum should remain open for many more years to come, providing people with the fantastic experience that I had there.
2016/7062/P	Joshua	27 montague street	09/02/2017 12:45:30	OBJ	Hey i really object to this development. Hostels are a place for travellers from all over the world to come together and experience the london culture for a affordable price. I have so many memories here and also students need affordable accomadation. This is unacceptable.
2016/7062/P	Veronica Cortizo	45 Queensborough Terrace W2 3SY	09/02/2017 11:45:32	OBJ	We already have many flats in the area and building another one will not change anything. On the other hand the hostel is a good option to those who can't afford paying a lot to live in London, specially students in the beginning of their studies. It's a shame to move the hostel after those years!
2016/7062/P	Noelia Sánchez	C/ Olegario Domarco Seller 96 5B 03206 Elche Alicante (Spain)	09/02/2017 16:19:45	OBJ	The disappearance of Astor Museum shouldn't be allowed! I've been in a lot of London's hostels and Astor Museum is one of the best ones.. Its location is marvellous and I understand the building is very valuable for that, but young people couldn't enjoy the great experience that I lived there... Money is just money!!
