Proposed work to tree (TPO Ref. C869 2009) REAR GARDEN 1 X Lime tree

I fully support the full felling and removal of the lime tree at 1A Lupton Street NW5.

I share a garden with the above address (with an invisible boundary). The tree has caused damage to the road wall of our property (causing it to be replaced by a fence) which compromises my security. The fence will be damaged by it in time too.

Its roots are currently causing damage to my garden and is pushing up my terracing and steps.

I believe that some of the severe cracking in the walls of my property are also caused by the tree. Surveyors have suggested this as a possibility.

Removing it and replacing it with a smaller tree, which will not out grow the garden, seems the sensible and sustainable option.

Yours

Philip Argent
