Re : 192 Haverstock Hill 2016/7028/P

**OBJECT**

Object to the additional height of building which is unrelated to the adjoining residential building.

Object to revised shop front on Haverstock Hill. Its glazing height is too low and unrelated to adjacent glazed shop fronts and the height of its solid fascia above the glass.

Object to relocation of windows on South-West elevation, increased horizontal banding of all facades and the insensitive handling of the side elevation.
