2016/7062/P	Eline Serault	191 queen's gate	10/02/2017 09:28:48	OBJ	<p>There would be a loss of jobs for young people, particularly a first job where they develop skills and learn about the hospitality industry.</p> <p>Affordable accommodation for people of limited-means or on a budget in Central London is important and necessary</p>
2016/7062/P	Carla McLaren	27 Montague Street WC1B5BH	11/02/2017 04:20:28	COMMNT	<p>This place was my home for months and months. To think it might not be here when I return is devastating. It is historic and holds so many memories - it would be devastating for something so historic in so many people's memories to simply vanish.</p>

2016/7062/P	Ana	191 Queen's Gate	11/02/2017 15:12:25	OBJ	<p>Having Astor Museum Hostel is a great advantage to all of us. It's perfect to people like me, looking for new experiences, trying to gain some work experience and to improve my skills and english. Specially, if people can't afford accommodation, because London can be a very expensive city.</p> <p>It's also a very good place to stay, clean and not too expensive. Provides a great environment, and it's the perfect place to people who are travelling or trying to move to London.</p> <p>I think just the people who have this experience can understand. The Hostel can teach a lot about life, and support us on the first steps that we trying to give.</p>
2016/7062/P	Nicolas Dumas	27 montegue st wc1b 5bh wc1b 5bh	12/02/2017 13:50:57	OBJ	<p>I have been working and living in this hostel for about 3 months and I was very disappointed when I got to know that the place would eventually turn into residences. This is very bad news for young people like me, considering that there would be a loss of jobs, of house and hope for the youth.</p> <p>Having a hostel in this particular location is a great opportunity for those like me who wants to develop their skills in the tourism industry, specially in this amazing city. I don't think I could have had such an incredible experience if I'd had to pay for a flat. Living in London is expensive enough, so please save Astor Museum!</p>

2016/7062/P	Reece Abbott	27 Montague Street WC1B 5BH WC1B 5BH	12/02/2017 19:52:09	OBJ	Closing down this hostel would be a huge shame. I now work and live in the hostel, however when I first moved to London with little money I heavily relied on the budget accommodation industry, living in hostels for the first 4 months. Without these options, especially in Central London, I would have, most likely, ended up being homeless. The hostel provided me with a stepping stone to being a functioning resident of the city that I now call home. I fear that the closure of these kind of establishments will lead to a depression of people being attracted to and having the opportunity to call London home.

2016/7062/P	Annika Branderud	Biblioteksgangen 6 bv lgh 1008 18370 Taby SWEDEN	10/02/2017 23:55:39	OBJ	This hostel provides 120 affordable beds and are important for so many people. London is a truly expensive city and I wouldn't be able to stay there if it wasn't for this hostel. Also the persons staying there and the staf have been so good to me every time. They are like a second family.
2016/7062/P	Anastasia	Russian federation	10/02/2017 17:06:53	OBJ	This hostel is the best place for hundreds of travelers willing to explore London!let people use this place to make the most of their vacations!I've been to this hostel twice and would stay there again if I come to London again This is the most cosy and friendly place!let it exist please!
2016/7062/P	Patricia Christopher	Flat A 26 Montague Street Bloomsbury London WC1B 5BH	10/02/2017 10:34:16	COMMEMP ER	I am delighted that the hostel will be converted back to residential use. The hostel has been the source of much irritation particularly with noise and no consideration for the residents of the flats on either side over the 30-plus years I have lived in Montague Street.
2016/7062/P	Gemma Nolan	27 Montague Street	12/02/2017 20:31:50	OBJ	Having moved to London from New Zealand, Astor Museum Hostel gave me a home and a job. Without Astor, I would not have been able to afford to live here. It provides a safe and friendly environment for its employees,and long and short term guests and it would be sad to see them out of their home.
2016/7062/P	Eric Fontanabianca	71 Belgrave Road	11/02/2017 12:06:39	OBJ	Save Astor Museum means save Hostel's culture in central London. Astor Hostels are the oldest Hostel's chain in the world being a landmark for the own industry and for London. Astor Museum contributes to create the greate atmosphere of Central London hosting backpackers, travelers, students coming from all over the world. It's a bless for the local business and for the local background. Save #astormuseums save Hostel's culture.

2016/7062/P	Florence	71 Belgrave Road SW1V 2BG	10/02/2017 21:29:36	OBJ	Hostels allow people, especially young people, to discover, enjoy, and meet the whole world without having to spend all their money for a bed. It allows new beginnings when foreigners try to settle but haven't find a permanent place to stay. Changing a hostel into a flat would not only mean the loss of an incredible experience for travelers in the heart of London but also the loss of jobs for those working in the hostel. Jobs that are often the first real work experience for young people who want to gain skills in the hospitality industry and help them being more open and confident in their abilities, both personal and work related.
