

GWO Glazed Walk on Pavements

PaveVent Overview

Surespan PaveVents are designed with a pan type lid supporting the glass in a structural bond system which has a slim sight line.

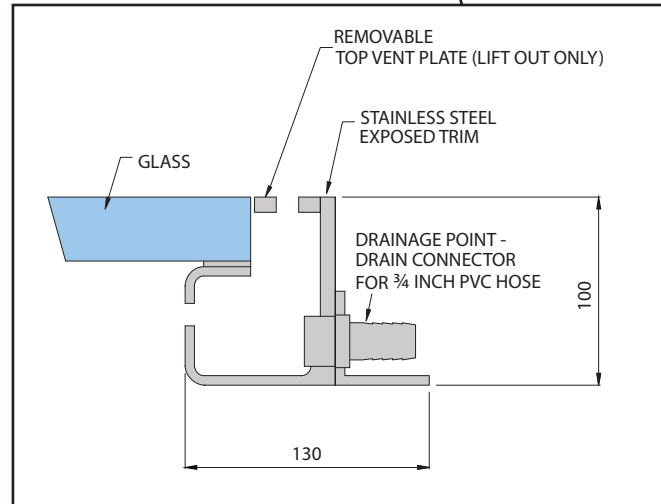

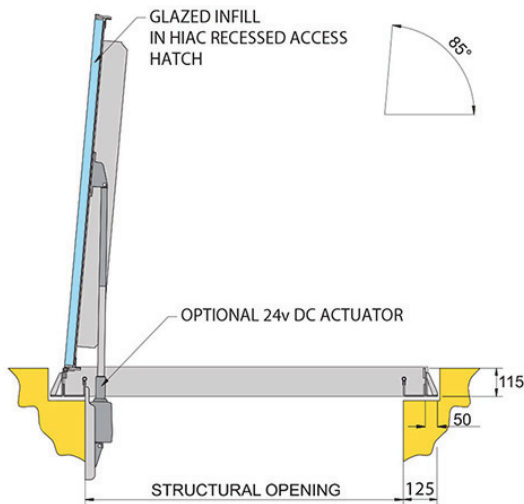

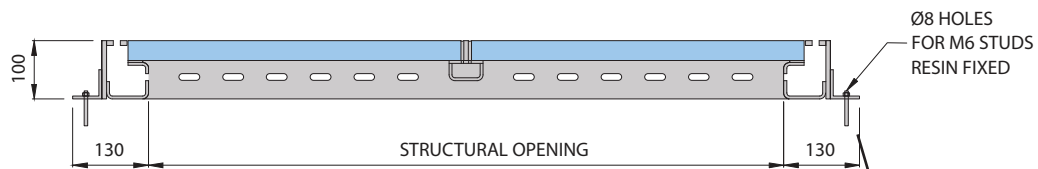

PaveVent walk-on panels are designed in accordance with FACTA requirements.

Walk-on panels incorporate a specially formed anti-slip ceramic, permanently tempered onto the glass surface which can be printed in custom patterns or the standard 'Carborundum' finish. (3mm dot on a 12mm staggered pitch ref: GGSRT9)
