2017/0417/P	William Silver, Katrina Silver	3 Chetwynd Villas	13/02/2017 13:52:40	COMMNT	We live at 3 Chetwynd Villas, and are delighted to see a contemporary garden structure in this garden. It is well designed and built in an attractive timber which will soften down over time. We understand that a 'green roof' is proposed, and we support this ecological and community initiative too.
