Informative(s):

- 1 Reason for granting listed building consent:

The application relates to a c1820 terraced townhouse, designed by Cubitt and listed grade II, now converted into flats. The interior appears to be entirely modern.

The applicant proposes to upgrade the interiors, including installing new kitchens and secondary glazing. Windows and rooflights will be replaced if beyond repair. The basement walls are to be dry lined.

The proposed works will not harm the special interest of the grade-II-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development

also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2016, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
