Subject: CLEVELAND STREET WORKHOUSE SITE

To whom it may concern,

RE: proposed re-development of the Strand Union Workhouse on Cleveland Street.

I am writing to express my objection to any proposals for the clearance or re-development of this site.

This site embodies London's health care history since the 1770s, and that the whole site, including the Workhouse and the subsidiary buildings on the site, deserves a full forensic archaeological investigation before any new plans are made for it. The whole site is extraordinary and unique and no development or clearance should take place until its full historical significance has been explored.
