Subject: Cleveland Street Workhouse Site

I have just been alerted to plans to tear down/redevelop this historic site, a vital one to Dickens scholars. Please reject both applications regarding this historic site. Once a building like this is gone (and replaced by some modern monstrosity), an important piece of history is gone forever (a plaque honoring the spot is a poor substitute). They say “there will always be an England” – please make it so.

Thank you for your time.
