

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2016/5652/P	Danton Hope	7 Rosslyn Court Ornan Road London	14/02/2017 12:41:28	OBJ	It seems like documents on this application were received by the council in Nov 16. The application has been live since mid January. I am writing on behalf of the residents of Rosslyn Court the sister building of Ornan who have objected repeatedly to attempts to build a basement for the past 7 / 8 years. NONE of us have been notified in anyway about this large and contentious reapplication. No letters or emails have been received from the council informing us of the application. The only reason we know about it is that one of the residents of our building happened to stumbling upon it and inform us all! The deadline for comments is the 22nd Feb. This is obviously not a legitimate deadline as there has been no consultation with interested parties on the matter. I believe last time the application was resubmitted we were not informed either I would have hoped the council would have learnt to inform residents and interested parties more effectively but this does not seem to be the case I look forward to your reply
