2016/6977/P	M clack	3 fitzroy close London N6 6jt	14/02/2017 18:20:31	COMMEMP ER	We are concerned about oversight of the garden of 3 Fitzroy Close of both this and the other application, and also the impact on the wall between our gardens. We have had water seeping through in recent years.
2016/6977/P	Michael clack	3 fitzroy close London N6 6jt	14/02/2017 19:05:43	COMMEMP ER	I have only just realised that the proposed work at 5 Fitzroy Close is covered by 2 separate applications, but only this one 6977 is covered by the notice posted at the end of the Close. I thought this covered all the work to the extra storey as well as the swimming pool house. As I such I thought I still had time to comment on the additional storey, but I see that 6844 closed last week. I hope that my earlier comment can be added to the file for that one as well. It does seem odd that the two are segmented in this way, with just a week between them.
