12. Assessment of Flood Risk How will surface water be disposed of? Sustainable drainage system Main sewer Pond/lake Soakaway Existing watercourse 13. Biodiversity and Geological Conservation To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable like	iboo		
Sustainable drainage system Main sewer Existing watercourse 13. Biodiversity and Geological Conservation	ihaa		
Soakaway Existing watercourse 13. Biodiversity and Geological Conservation	ihaa		
13. Biodiversity and Geological Conservation	ihaa		
	ibos		
	iboo		
To assist in answering the following questions refer to the guidance notes for further information on when there is a research laboratory	ihaa		
important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by you			
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and eapplication site, OR on land adjacent to or near the application site:	nha	nce	d within the
a) Protected and priority species			
 Yes, on the development site Yes, on land adjacent to or near the proposed development 		•	No
b) Designated sites, important habitats or other biodiversity features			
 Yes, on the development site Yes, on land adjacent to or near the proposed development 		•	No
c) Features of geological conservation importance			
 Yes, on the development site Yes, on land adjacent to or near the proposed development 		•	No
14. Existing Use			
Please describe the current use of the site:			
Residential - private - sole owners.			
Is the site currently vacant?	•	N	0
Does the proposal involve any of the following? If yes, you will need to submit an appropriate contamination assessment with your application.			
Land which is known to be contaminated?	•	N	0
Land where contamination is suspected for all or part of the site?	•	N	0
A proposed use that would be particularly vulnerable to the presence of contamination?	•	N	o
15. Trees and Hedges			
Are there trees or hedges on the proposed development site?		Ν	0
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?	•	N	0
If Yes to either or both of the above, you <u>may</u> need to provide a full Tree Survey, at the discretion of your local planning authority. It required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - F	e cle	ar (on its website
16. Trade Effluent			
Does the proposal involve the need to dispose of trade effluents or waste? ———————————————————————————————————	•	N	0
