Hi Nora/Elizabeth

Further to my recent telephone conversation with Elizabeth regarding the above application, the Applicant has decided to remove the Fifth Floor from the proposal which reduces the overall gross internal area for the additional space to 192 sq m (this includes the proposed plant room). Elizabeth indicated to me that this proposal could be submitted on the back of the existing application and accordingly I attach my revised drawings Nos. 7893/30C (plans) and 7893/31D (elevations) for your attention. I also attach an amended D&A Statement. I think that everything else previously submitted with the application is relevant to the revised proposals.

Finally, I would confirm our agreement to an extension of the time required to make a decision in this respect to 15th April 2017.

Thanking you for your attention to this matter.

Please let me know if you require anything further or have any other queries regarding these revisions.
