2017/0383/P	Ash	3 daynor house	20/02/2017 11:12:44	COMMNT	<p>This changes will have detrimental effect on area. As due to Co Gestingthorpe on pavement change in use will make the movement on stress harder</p> <p>also the ventilation will have smell in the area and in flats around during due to windows.</p> <p>On fire door where would it lead to as a shop has appeared in that small alleyway and there is no exit on the back either.</p> <p>Lastly if the change of use is granted the property don't have any means of putting rubbish as they currently dumping it twice on road as they don't have bin area and due to use the waste would also create a massive issue for the area. Further more the property is to small to convert as it doesn't have enough space hence the spilling of people waging on pavement would be much higher as well</p>
