

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2017/0827/T	Barry Fox	22 Holmefield Court Belsize Grove NW3 4TT	20/02/2017 12:04:16	OBJEMAIL	<p>I am concerned about this application because although I own a flat in Gilling Court, the managing agents for the block (who are making the application to fell trees) have given no direct warning or information to flat-owners or residents e.g. on why the work is wanted or needed. I have learned of the work only from the notification sent by Camden to sister block Holmefield Court. (The gardens of the two blocks Gilling and Holmefield have traditionally had no restrictive boundaries.)</p> <p>It appears from the description of the planned work on the Camden Planning website that in addition to pruning various trees, six trees are to be felled. It is confirmed that neither disease, nor subsidence nor other structural damage is the reason for felling. So what is the reason? Surely this should be explained?</p> <p>Hence I feel obliged to object to the work, at least until the applicant provides better information for flat owners and block residents, both in Gilling Court and the sister block Holmefield Court. .</p>
2017/0827/T	Therese Hegland	61 Gilling court Belsize Grove NW3 4XB NW3 4XB	18/02/2017 11:36:53	JUST	<p>Good morning,</p> <p>I have viewed the documentation but I am unable to view any justification as to why all of these trees must be felled.</p>
