

Architectural elevation drawing of a building facade, showing a symmetrical design. The drawing includes labels for materials and structural elements:

- Roofline:** The roof is labeled "aerial" at the top. The gables are labeled "v" (vertical lines) and "slate v".
- Second Floor:** The upper section features four windows, each labeled "slate v". The central section between the windows is labeled "brick".
- First Floor:** The lower section features four windows, each labeled "brick".
- Ground Floor:** The ground floor features a central entrance with a pediment and a large window to its right. The entrance is labeled "brick".
