2017/0498/P	T H D YOUNG	19 Bassett St London nw5 4pg	21/02/2017 10:41:58	COMMNT	<p>We note this planning application is an amendment to a scheme which signally transgresses LBC guidance on rear extensions. CPG1 states the principles of rear extension design e.g "ratio of built to unbuilt space", "retention of a reasonable sized garden", "retain..garden amenity".</p> <p>The new scheme in no way changes this gross departure from expected Development Control. The applicant has been permitted to build on no less than 80% of the back garden area.</p> <p>The applicant is a professional co-worker with the Council i.e responsible for Community Investment Programme schemes in Highgate and Camden.</p> <p>This is clear breach of normal standards of good local government.</p>
