2017/0565/P	John Malet-Bates	Flat 6 4 Ferncroft Avenue NW3 7PH	22/02/2017 13:45:08	OBJ	Hampstead CAAC objects to the proposed configuration of windows on the rear elevation. These are badly organised, juxtaposed, in contrast with the existing vertically-aligned formation. Disorganised design offers some harm to the CA in the enjoyment of neighbours and in general. The proposed large opening is unnecessarily extended to floor level. 2 full windows would be better of similar proportions to the existing. Weak for redesign.
