2017/0663/P	Shaun Stanley c/o Hugh Cullum	2 wellmount studios london nw3	27/02/2017 08:07:38	OBJ	<p>Dear Sir/Madam</p> <p>I own the property adjacent to the proposed extension. My property comprises my painting studio and print room on the ground floor and a one bedroom flat in the basement. My belief is that the proposal will raise the wall on our joint boundary from roughly two metres to three metres high. This will significantly affect to light to my ground floor print-room which depends on a bay window near the boundary to achieve the required levels of natural light for my work.</p> <p>The raising of the boundary wall will also significantly enclose and reduce the amount of natural light (visible sky) to the sunken courtyard which is the primary source of natural light for the basement flat. The kitchen and living room look onto the sunken courtyard which will be made darker and more tunnel-like by the additional boundary wall height.</p> <p>I would like to register my objection to the proposal for the reasons stated above.</p>
