2017/1008/T	Coral Temple	34b Camden Square NW1 9XA London	23/02/2017 18:53:48	INT	Objection to the felling of this lime tree. I have already been upset to see the lime tree behind Rochester Sq temple felled. There is no need to make this another regrettable action. Limes are a great asset to this neighborhood and with the current pollution problems there is no excuse for felling trees in this conservation area.
