Subject: CLEVELAND STREET WORKHOUSE SITE

Dear Ms Henry

I write to record my concern at the two planning applications currently before Camden re the above site. In my opinion both applications should be refused.

The Workhouse is an incredibly important site historically and I feel sure that a sympathetic restoration/conversion could be achieved without destroying the character of the buildings and their location.

A sympathetic and conservation-minded project would only serve to bring credit to the developers and to the Council.

Your faithfully,

Bob Flanagan

Camden Planning comments
Planning Application:
2017/0415/L
2017/0414/P

Subject: 'Strand Union Workhouse' Middlesex Hospital Annex,
44 Cleveland Street, W1

As a local resident and community member in Fitzrovia, I would like to object to the planning changes to the Strand Union Workhouse and the inappropriate scale of the height of the new build on the site. The proposals would over scale the original building of the Workhouse and detract from the character of what we have remaining in Fitzrovia which is reducing the history and look of the area.

I hope the planning is re thought and preserves the original layout of the workhouse and the surrounding walls etc.

Please keep me informed of the proposals.

Yours faithfully,

Charles Stephens
