Hi Caroline

I hope you are well?

As discussed if you can send this email below and it will maintain your original objections.

There is no major change in the revised plans.

Only the windows facing the children's playground have been redone with perforated bricks to reduce the views. But windows still exist and use the park and playground as a party wall. The perforated bricks make no difference.

Best
Edward.

Dear Ms Henry

I have previously objected to this application LPA Ref: 2016/1345/P and I maintain those objections towards the revised plans.

Sincerely
