Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise

Informative(s):

- 1 Reasons for granting permission:

The structure is a lightweight, modest extension which is considered sympathetic to the main property and shall sit within a recess next to the existing closet wing. The proposal is not considered harmful to the conservation area and is deemed acceptable in design terms.

The proposal does not cause overlooking, loss of outlook or daylight/sunlight to neighbours and is considered acceptable in terms of amenity.

Considerable importance and weight has been attached and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

Press and site notices were displayed. No objections have been received prior to making this decision. The site's planning history was taken into account in coming to this decision.

The emerging Camden Local Plan is reaching the final stages of its public examination. Consultation on proposed modifications to the Submission Draft Local Plan began on 30 January and ends on 13 March 2017. The modifications have been proposed in response to Inspector's comments during the examination and seek to ensure that the Inspector can find the plan 'sound' subject to the modifications being made to the Plan. The Local Plan at this stage is a material consideration in decision making, but pending publication of the Inspector's report into the examination only has limited weight.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, policies DP24, DP25 and DP26 of the London Borough of Camden Local

Development Framework Development Policies and policies A1, D1 and D2 of the London Borough of Camden Draft Local Plan Submission Draft 2016. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
