Subject: Application 2016/7146/P

Proposal for basement scheme 2016/7146/P. Planning Officer Mr. J. Diver

I strongly object to the above application. Willow Cottages, are adjacent to no. 31 Willoughby Rd, & are a row of exceptional & unusual houses which are listed, & which DO NOT have foundations, & in addition, have an underground water course. To alter this risks causing serious damage to these buildings as well as flooding.

Hampstead cannot risk seriously damaging, & possibly losing this precious, & historically important, row of houses, & the application should under no circumstances be permitted.
