RE: 2017/0442/P; o/s 112-114 Camden High Street, London NW1 0LU
Erection of freestanding Link unit with associated services following the removal of 2 no. BT telephone kiosks after the completion of Camden High Street (South) redevelopment between Britannia and Cobden Junctions.

Dear Ian

As an addition to the comments attached by Mark Day (TfL Planning), TfL Road Space Management would like to state:

- ∞ Camden High Street is in the planning process of a major high street redevelopment which is due to start construction early next year. Part of this redevelopment includes widening and resurfacing the pavement to improve the walking environment and street ambience as part of our Healthy Streets programme. Construction is anticipated to end in late 2018.
- ∞ As long as the existing 2 kiosks are removed, and the freestanding link units are installed after completion of the Camden High Street road redevelopment in suitable locations within the proposed furniture zone, TfL has no objections.

Many thanks

Hava
